Hi CYY families!

Since we can't host camp in person this summer, we are working to **bring camp activities to you!**

Campers, we hope that you will see some of your favorite classic activities from camp, and that family members will get to do them with you at home!

While we can't gather physically together to celebrate everyone's awesomeness, we would love for you to submit photos or videos of you doing the activities so we can still share our experiences with the classic CYY projects and activities!

Check out SuperYak's Adventures at Home Blog on our website www.campyaketyyak.org this August. It will be your guide to finding the Instructions and Example Videos for all the activities released daily, along with other links. Galleries with your submitted photos will be found here too!
