"I have learned an enormous amount in a very short time. The direct hands-on experience and support from professionals are invaluable! This isn't something you can get in a classroom."

*I have volunteered at CYY for two years now, and both times have been incredible. It seems strange that I, as a high school student, would sacrifice two weeks of my summer to wake up at 6:30am and spend all day with a bunch of rambunctious kids, but that's just how special CYY is. **Sometimes I think I'll go crazy from hanging out with kids who have sooooo much more energy then I do, but after seeing all their smiling faces, I can't help but fall in love with it.** The effect camp has had on them is almost unbelievable, and I am always overjoyed to be part of an environment that allows to make friends and have fun, just the way summer camps are meant to be.*
